THE LEADING WHOLESALE DISTRIBUTOR OF BUILDING MATERIALS IN THE MIDWEST.

We're a family-run company that's been in the wood products industry for over a hundred years, and we're currently on our third generation of family ownership and management.

Founded in the 1890s, our family business began by milling timber in Southern Missouri and hauling it to nearby towns by horse and carriage. Fast forward to 1987 we entered the wholesale lumber market in St. Louis, MO, and since have grown to 8 locations serving over 3,500 customers in 15 different states.

Our whole philosophy is to source the best building materials in the world and provide quick and reliable access to them for any sized job, big or small.
